

Dear Sirs/Madams:

It seems lately that the FCC has focused a lot of attention on keeping unwanted items from visiting our homes via the T.V. and radio. To this end, why is it now trying to undo the most invasive and offensive thing we deal with on a daily basis and which we cannot turn off? This would be our phones and the assault on our privacy multiple times a day by unsolicited telemarketing.

PLEASE PROTECT THE CURRENT NEW JERSEY DO NOT CALL LISTING! All people have a right to protection from predatory telemarketers as well as the right to protect their privacy and personal time.
